

# PROJECT LITTER

WE NEED TO DO SOMETHING ABOUT  
THIS!

# WHAT IS THE IDEA?

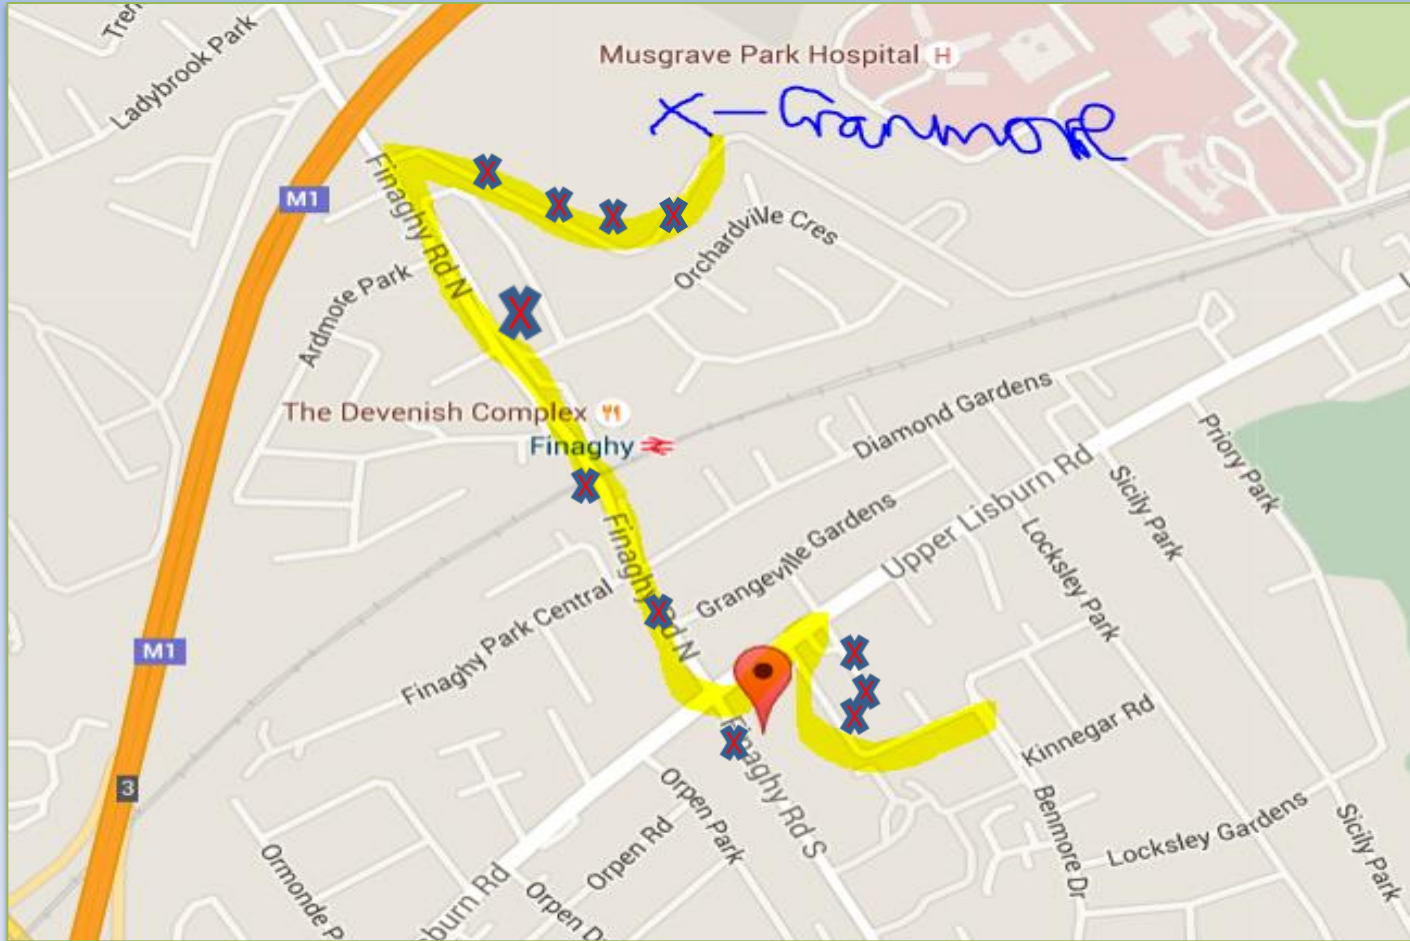

The idea is to encourage people to stop littering in public places, particularly in Finaghy.

# WHAT IS THE IDEA?

- To provide eye catching bins that people can see and want to use
- To introduce a rubbish collection service that would clear rubbish from hard to reach places

# WHY ARE THEY NEEDED/WHY DID YOU CHOOSE THESE?

Dog waste

Plastic bottles

Crisp packets

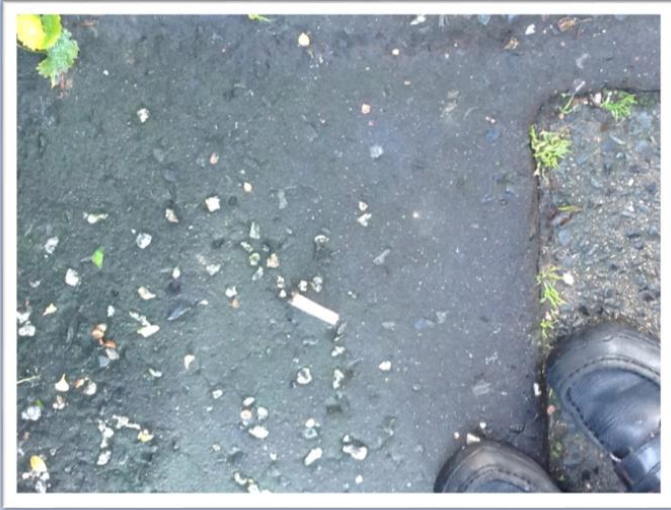

Cigarette butts

Fast food waste at back of shops

RUBBISH

# WHY ARE THEY NEEDED/WHY DID YOU CHOOSE THESE?

- **Unhealthy cigarette butts need to be removed**

- **Dog waste on the street won't end up on people's feet.**
- **Minimises young children from ingesting dog waste and rubbing it in their eyes with potential health risks.**

# WHY ARE THEY NEEDED/WHY DID YOU CHOOSE THESE?

- **Lots of rubbish**

- **Spot the cigarette butts on top of the bricks**
- **Business waste – another issue for another day**

# WHY ARE THEY NEEDED/WY DID YOU CHOOSE THESE?

- **Rubbish trapped down the side of the bank in our local playing field**

- **And more...**

# WHY ARE THEY NEEDED/WY DID YOU CHOOSE THESE?

- **More rubbish trapped down the side of the bank in our local playing field**

- **And more...**

# How will it benefit local children?

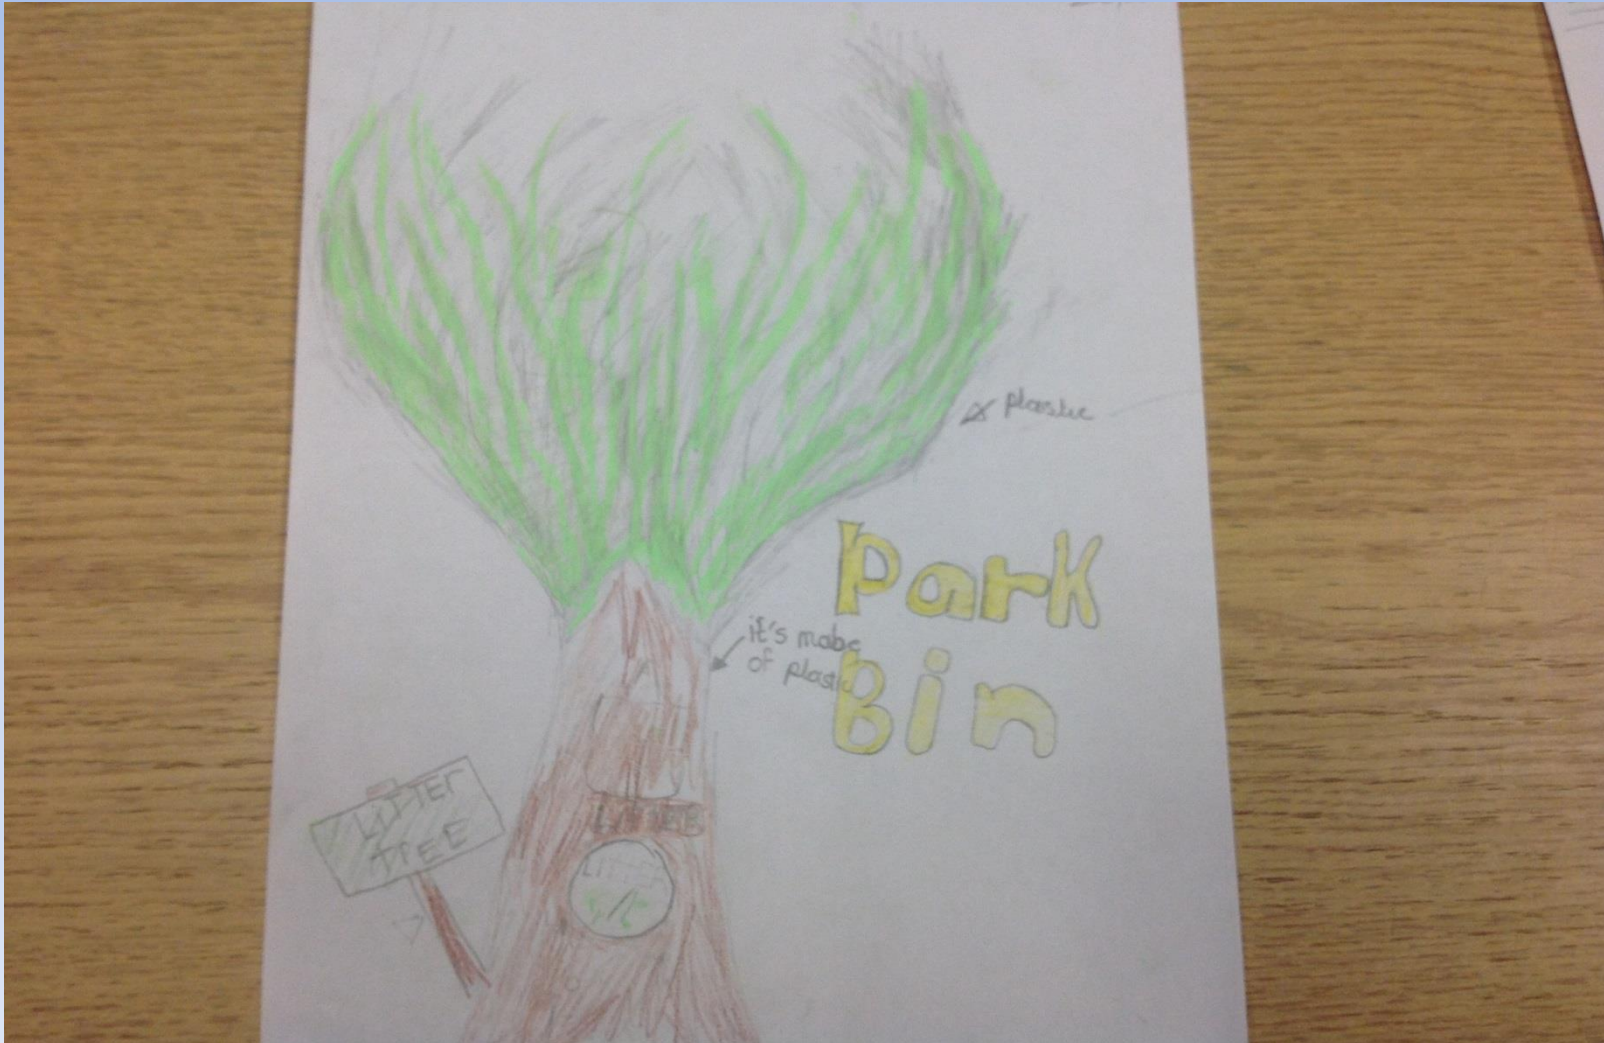

- Cleaner and safer spaces to **play** in
- Rubbish attracts vermin so posing potential **health risks** for children
- Dog waste could be very **dangerous** for young children if ingested
- Clean playing fields would **attract** more children and make us **proud** of our area

# How will it benefit local people?

- Cleaner and safer places for **everyone** to enjoy
- Potential **jobs** for **students** or could be run as a **homeless project**
- Potential health risks to **animals** will be reduced e.g. broken glass cutting animals' paws
- Seagulls are taken from their **natural habitat**
